SLIS faculty member Katy Börner is a Co-Chair for the Visualization and Data Analysis 2009 (EI108) Conference to be held January 18-22, 2009 at the San Jose Convention Center, California. The Conference is a part of the IS&T/SPIE 21st Annual Symposium on Electronic Imaging 2009.

"This conference covers all aspects of visualization and issues affecting successful visualizations. The conference has grown rapidly over the years and has attracted participants from throughout the world. Submissions are peer reviewed with an acceptance rate of ~50% making the quality of the conference and its publications extremely high. We invite you to contribute quality papers covering research results as well as works-in-progress.

The papers from this conference will be published in a bound Proceedings, and will be available from SPIE. Authors of the best papers in the conference will have the option of having extended versions of their papers reviewed for publication in the Journal of Electronic Imaging or a future special issue of the Journal of Electronic Imaging focusing on visualization."
